Subject: Petition for designation as an eligible telecommunications carrier (ETC) pursuant to 47 U.S.C 214(e)

Dear Mr. Terreni,

Please accept this letter as a petition to the Commission for designation of Global Connection of South Carolina Inc., as an eligible telecommunications carrier (ETC) pursuant to 47 U.S.C. 214(e).

Enclosed for filing with the Commission are the original and five (5) copies of the supporting documentation of this petition. Global Connection of South Carolina Inc. has met the requirements for ETC designation. Grant of this request will serve the public good by allowing Global Connection of South Carolina Inc. to serve current and additional low-income subscribers.

Please date and time stamp the extra copy as proof of filing and return it in the enclosed self addressed stamped envelope. Please refer any questions about this application to Global Connection Inc. of America at P.O Box 48269, Atlanta, GA., 30340 or telephone at 678.966.8444 Ext. (1101).

Sincerely,

Houssam Abdallah
President

Global Connection of South Carolina Inc., pursuant to Section 214(e)(2) of the Communication Act of 1943, as amended (the “Act”)(1) and Sections 54.101 through 54.207 of the Rules of the Federal Communications Commission (“FCC”), (2) hereby petitions the South Carolina Public Service Commission (“Commission”) for designation as and Eligible Telecommunications Carrier (“ETC”) in certain BellSouth, Sprint, and Verizon exchanges as described herein (“Designated Area”) for the purpose of receiving federal universal service support. As demonstrated below, Global Connection of South Carolina Inc. satisfies all of the statutory and regulatory requirements for designation as and ETS in the Designated Area. Furthermore, designation of Global Connection of South Carolina Inc. in the Designated Area will serve the public interest. Accordingly, Global Connection of South Carolina Inc. respectfully requests the Commission grant the Petition.

I. Background

1. Global Connection of South Carolina, Inc. is a Georgia corporation (3) and is authorized to conduct business as a foreign corporation in the State of South Carolina. (4) Copies of Global Connection of South Carolina Inc. Articles of Incorporation and authority to transact business in the State of South Carolina are on file with the Commission and incorporated herein by reference. (5) Global Connection of South Carolina Inc. has been certified by the Commission to provide resold local exchange telecommunications services in South Carolina (Docket No. 2000-0149-C). The principal office of the company is located at 3957 Pleasantdale Rd. Atlanta, Ga., 30340. The Company provides local exchange and exchange access services in Bellsouth, Sprint, and Verizon exchanges using a combination of unbundled network elements ("UNEs") provided by Bellsouth, Sprint, and Verizon that allows end-to-end switching delivery of calls.
2. As set forth in Section 214(e)(2) of the Act, the Commission "shall upon its own motion or upon request designate a common carrier that meets the requirements of [Section 214(e)(1)] as an eligible telecommunications carrier for a service area designated by the State commission." (6) Upon designated as an ETC, the carrier shall be eligible to receive universal support in accordance with Section 254 of the Act. (7)
3. The requirements for designation as an ETC set forth in Section 214 (e)(1) are that the carrier must:
 - (A) offer the services that are supported by Federal universal support mechanisms under section 254(c), either using its own facilities or a combination of its own facilities or a services (including the services offered by another eligible telecommunications carrier); and
 - (B) advertise the availability of such services and the charges therefore using the media of general distribution. (8)

II. Global Connection of South Carolina Inc. Satisfies the Requirements for Designation as an ETC to Serve the Designated Area

4. Global Connection of South Carolina Inc. is a common carrier as that term is defined in the Act. (9) Global Connection of South Carolina Inc. provides competitive local telecommunications services in the state of South Carolina in

accordance with the Docket No. 2000-0149-C and South Carolina PSC Tariff No. 1, which was first filed on June 12, 2001. ⁽¹⁰⁾

5. Global Connection of South Carolina Inc. offers all of the supported services enumerated under Section 254(c) using facilities obtained as UNEs from Bellsouth, Sprint, and Verizon. According to FCC Rules, facilities obtained as UNEs satisfy the requirements that and ETC provide the supported services using either its own facilities or a combination of its own facilities and resale of another carrier's services. ⁽¹¹⁾ Accordingly, Global Connection of South Carolina Inc. satisfies the requirement set forth in Section 214(e)(1)(A).
6. The services that are supported by Federal universal support mechanisms under section 254(c) are enumerated in the rules of the Federal Communications Commission ("FCC") at 47 C.F.R. § 54.101 (a)(1)-(9). These services are:
 - a) Voice grade access to the public switched network. "Voice grade access" is defined as a functionality that enables a user of telecommunications services to transmit voice communications, including signaling the network that the caller wishes to place a call, and to receive voice communications, including receiving a signal indication there is an incoming call. For the purposes of this part, bandwidth for voice grade access should be, at a minimum, 300 to 3,000 Hertz;
 - b) Local usage. "Local usage" means an amount of minutes of use of exchange service, prescribed by the FCC, provided free of charge to end users;
 - c) Dual tone multi-frequency signaling or its functional equivalent. "Dual tone multi-frequency" (DTMF) is a method of signaling that facilitates the transportation of signaling through the network, shortening call set-up time;
 - d) Single-party service or its functional equivalent. "Single-party service" is a telecommunications service that permits users of a wireline

subscriber loop or access line for each call placed, or in the case of wireless telecommunications carriers, which use spectrum shared among users to provide service. A dedicated message path for the length of a user's particular transmission;

- e) Access to emergency services. "Access to emergency services" includes access to services, such as 911 and enhanced 911, provided by local governments or other public safety organizations. 911 is defined as a service that permits a telecommunications user, by dialing the three-digit code "911," to call emergency services through a Public Service Access Point (PSAP) operated by the local government. "Enhanced 911" is defined as 911 service that includes the ability to provide automatic numbering information (ANI), which enables the PSAP to call back if the call is disconnected, and automatic location information (ALI), which permits emergency service providers to identify the geographic location of the calling party. "Access to emergency services" includes access to 911 and enhanced 911 services to the extent the local government in an eligible carrier's service area has implemented 911 or enhanced 911 systems;
- f) Access to operator services. "Access to operator services" is defined as access to any automatic or live assistance to a consumer to arrange for billing or completion, or both, of a telephone call;
- g) Access to interexchange service. "Access to interexchange service" is defined as the use of the loop, as well as that portion of the switch that is paid for by the end user, of the functional equivalent of these network elements in the case of a wireless carrier, necessary to access an interexchange carrier's network;
- h) Access to directory assistance. "Access to directory assistance" is defined as access to a service that includes, but is not limited to, making

available to customers, upon request, information contained in directory listings; and

- i) Toll limitation for qualifying low-income consumers. Toll limitation for qualifying low-income consumers.

7. Upon designation as an ETC, Global Connection of South Carolina Inc. will participate in and offer, Lifeline and Link-Up programs to qualifying low-income consumers and publicize the availability of Lifeline and Link-Up services in a manner reasonably designed to reach those likely to qualify for those services, as required by FCC Rules.⁽¹²⁾ Attached hereto as Exhibit A and incorporated herein by reference are copies of Global Phone's proposed Lifeline and Linkup tariff to be filed with the Commission upon approval.

8. Global Connection of South Carolina Inc. will advertise the availability of the above referenced services and the charges for those services in the Designated Area using media of general distribution, as required by FCC Rules.⁽¹³⁾

9. Attached as Exhibit B and incorporated herein by referenced are Global Connection of South Carolina Inc. updated financial statements demonstrating that the Company has the financial qualifications to provide the Commission with evidence of its financial capabilities to provide the supported services in the context of its application to become certified as a CLEC in Docket No. 2000-0149-C. The financial statements of Global Connection of South Carolina Inc. contain proprietary and confidential and are being submitted under seal to be maintained by the Commission and Commission staff on a confidential basis pursuant to the Commission's current rules.

10. Attached as Exhibit C and incorporated herein by reference is a current list of officers. Global Connection of South Carolina Inc. has previously provided the Commission with evidence of its managerial and technical capabilities to

provide the supported services in the context of its application to become certified as a CLEC in Docket No. 2000-0149-C.

11. Attached as Exhibit D to this Petition and incorporated herein by reference is the testimony of Houssam Abdallah, president and owner of Global Connection of South Carolina Inc. certifying that the Company satisfies all of the requirements for designation as an ETC to serve the Designated Area.

III. Area for Which ETC Designation is requested

12. Global Connection of South Carolina Inc. has served and will continue to serve the exchanges where it leases UNE's or resells the services of the non-rural telephone companies, Bellsouth, Sprint and Verizon, in the state of South Carolina. Global Connection of South Carolina Inc. does not seek designation as an ETC in any areas served by rural telephone companies. Pursuant to the Order in Docket No. 2000-0149-C, Global Connection of South Carolina Inc. does not provide local exchange service in any area served by any Independent telephone company as defined in the Final Order of April 7th 2000 in Docket No. 2000-0149-C. The exchanges in the Bellsouth, Sprint, and Verizon service areas that Global Connection of South Carolina Inc. serves and for which it seeks ETC designation are attached as Exhibit E.

IV. Granting Global Connection of South Carolina Inc. Petition will serve the Public Interest

13. Congress requires that the Commission grant competitive ETC Petitions in non-rural areas. (14) No specific public interest test is mentioned, as is the case for areas served by rural telephone companies. Thus, the Act provides that the Commission "shall" designate Global Connection of South Carolina Inc. as an ETC upon finding that the company meets the nine-point list of services and that it agrees to advertise the supported services throughout the designated service area. Notwithstanding, the designation of Global Connection of South Carolina Inc. as an ETC will serve the public interest.

14. A central purpose of the Telecommunications Act of 1996 was to promote competition and reduce regulation.... [Thereby securing] lower prices and higher quality services. And encourage the rapid deployment of new telecommunications technologies.” (16) Designation of Global Connection of South Carolina Inc. as an ETC would further these goals. Granting ETC status Global Connection of South Carolina Inc. would allow the Company to obtain federal universal service support, which it will use to offer innovative telecommunications services at competitive prices to rural consumers in Bellsouth, Sprint, and Verizon Service areas.
15. Global Connection of South Carolina Inc. will announce and advertise Telecommunications services as an ETC where it provides service in the Bellsouth, Sprint, and Verizon service areas in South Carolina and will publicize the availability of Lifeline and Link-UP services in a manner reasonably designed to reach those likely to qualify for those services. Accordingly South Carolina residents will be made aware of the opportunities afforded to them under the Lifeline and Link Up programs and will be able to take advantage of those opportunities by subscribing to Global Connection of South Carolina Inc. service.

For the foregoing reasons Global Connection of South Carolina Inc. respectfully request that the Commission grant its petition and designate the Company as an ETC for the Bellsouth, Sprint, and Verizon exchanges specified herein.

Respectfully submitted,

By:

Houssam Abdallah

Owner, Global Connection Inc. of America

I have reviewed the accompanying balance sheet of Global Connection Inc. of America as of the year ended December 31, 2006 and the related statements of income and retained earnings and cash flows for the year then ended in accordance with Statements on Standards for Accounting and Review Procedures issued by The American Institute of Certified Public Accountants. All information included in these financial statements is the representation of the management of Global Connection Inc. of America. A review consists principally of inquiries of company personnel and analytical procedures applied to financial data. It is substantially less in scope than an examination in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, I do not express such an opinion.

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting

My review was made for the purpose of expressing limited assurance that there are no material modifications that should be made to the financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America
